Revision 1 August 18, 2014

The Terms and Conditions listed below are incorporated by reference and made a part of this Contract. Unless otherwise limited in this Contract, each document applies in its entirety¹.

In the event of a conflict between the version or date of a clause set forth in this document and the version or date of a clause set forth in the identified CorpDocs, the version or date of the clauses set forth in this document shall take precedence. This document includes clauses that flow-down LOCKHEED MARTIN's U.S. Government regulatory and customer obligations. To the extent that any clause included in this PSFD is inapplicable to the performance of this Contract, the parties shall consider such clauses to be self-deleting and shall not impose any obligations upon the SELLER.

The Terms and Conditions set forth herein are based on the F-35 LRIP 9 Prime Contract N00019-14-C-0002. SELLER agrees that upon the request of LOCKHEED MARTIN it will negotiate in good faith with LOCKHEED MARTIN relative to amendments to this Contract to incorporate additional provisions herein or to change provisions hereof, as LOCKHEED MARTIN may reasonably deem necessary in order to comply with the provisions of the LRIP 10 Prime Contract or with the provisions of amendments to such Prime Contract. (b) The use of an ISC is solely for the convenience of the Government. It is possible that under such an arrangement the ISC may require access to or the use of information, which is proprietary to the Seller in addition to third party proprietary data that the prime contractor is authorized to disclose.

The ISC will be responsible for initiating contact with the Seller sufficiently in advance of any work that may require facility access, cooperation from Seller, or access to proprietary information belonging to the Seller or to third parties who may have authorized the Seller to disclose such data to enable the Seller to arrange for such access and cooperation and to obtain the necessary agreements. A properly executed copy of the agreement will be provided to the Government through Lockheed Martin.
