You re also protected when you get services from an in network hospital or ambulatory surgical center in the United States—Certain providers there may be out of network. You may not know which providers are in or out of network. It is always good to ask whether a provider participates in your health plan is network if you can. If the provider is out of network, the most they may bill you is your plan in network cost sharing amount such as a copay or coinsurance—This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, an assistant surgeon, hospitalist, or intensivist services—Is provel is an to be an bounded and out of the provider in network to be an to be an bounded and be serviced.

If you get other services at these in network facilities, out of network providers and balance bill you, unless you give written consent and give up your protections

A state balance billing law may also apply to your health plan For more information about these protections, please visit the section on <u>FEDERAL and STATE SPECIFIC NOTICES AND DISCLOSURES</u> on Cigna com

You are only responsible for paying your share of the cost like the copayments, coinsurance, and deductibles that you would pay if the provider or facility was in network. Your health plan will pay out of network providers and facilities directly

- Your health plan generally must
- Cover emergency services without requiring you to get approval for services in advance prior authorization
- Cover emergency services by out of network providers

- Base what you owe the provider or facility cost sharing on what it would pay an in network provider or facility and show that amount in your explanation of benefits EOB
- Count any amount you pay for emergency services or out of network services toward your deductible and out of pocket limit
